

Professor of Medicine Desiré Dubounet Bio

[Desiré Dubounet](#) is indeed one of the most accomplished and versatile people in the world today. Her accomplishments are of legend status, her expertise is expansive, and provocative manner is most interesting to say the least. An extremely controversial character deserves a chance to tell the truth of her background and experience. Her work as an [International Lawyer](#), [Professor of Medicine](#), [Quantum Biologist](#), [Award winning Movie Maker](#), [TV Star](#), [Actress](#), [Singer](#), [Pin-up Girl](#), [Song Writer](#), Scientist and more is quite expansive. Desiré Dubounet [has 4 children](#), [Daniel Perseverance](#), [Kara Positivity Bliss](#), [Destiny Patience](#), and [Sterling Precision Nelson](#).

Early Life:

Desiré Dubounet, born 6-19-1951 in Warren, Ohio as [William Nelson](#), has become the most prolific writer and defender of Natural Medicine. Her early life has been documented in a Full length movie "[Intellect is the final frontier, Story of Desi's Youth](#)".

Some of her [earliest research](#) is published in an internationally recognized, and registered peer review medical journal. She worked on the [Apollo project](#) as an electrical engineer for AC Electronics in 1969.

Desiré has worked with [several scientists](#) including Nobel Prize winners and nominees [Hans Selye](#), [Albert St Gyorgi](#), [Roger Sperry](#), and [William Fowler](#). Desiré went to [Pakistan](#) in 1986 to open up natural medicine. Desiré has had a remarkable and yet controversial life of [challenge](#) and [heroism](#).

As we can see from this [picture from the FDA case notes](#), Desiré' was [nominated for the Nobel Prize in Medicine](#) several times. She was nominated for the Nobel Prize in Economics for this work '[PRINT MONEY for the POOR](#)' and we see the story in this movie "[Print Money for the Poor, to Trickle up to the Rich](#)".

You can better review her unconventional educational background, bizarre lifestyle, downright weird work history and the eccentricities of a true genius item by item in [Desi's CV](#).

Champion for Natural Medicine

Desiré has been a controversial provocative champion for [freedom of choice](#) and truth in medicine. In 1992 Desiré got [Homeopathy to be legal real medicine in Hungary](#) when she offered a course in [Homeopathy for Semmelweis Medical University](#). Working with the Hungarian doctor [Hans Selye](#) to find that [Stress is the main cause of disease](#).

Desiré wrote a [510k thesis to get acupuncture](#) needles registered as medical equipment in America. Desiré was [wrongfully and maliciously attacked](#) for this. She won this battle, [acupuncture needles were registered in 1996](#), but the FDA still harbors a [grudge](#). The Ultra-Rich controlled [media also attacks her](#).

Desiré Dubounet [Saves Natural+ Energetic Medicine](#) with Research + Evidence-Based Validation. Desiré was trained in mathematics, [quantum biology](#) and statistics and she was one of the few people with enough background, dedication and skill to value evidence and to seek and or supervise research to validate natural medicine. Since [natural medicine does not have patents](#) to protect it is hard to attract investors. But as Victor Hugo once said "[an Idea whose time has come is more powerful than all the armies](#)". And in a time where the drugs have failed, Natural Medicine is an idea whose time has come.

For a graphic idea of [Desi' life Pre-2012](#) see the [book of the angel](#).

Fight against the Corporate Greed

Desiré has always valued humanity and [struggled against the greed and psychopathology](#) of major corporations. When she published the [PROMORPHEOUS \(a treatise on Quantum Biology\)](#) in the Library of Congress, she had established a proof that a Synthetic anything is an Insult to the body. Desiré said "[Synthetic is SINthetic](#)". We can separate things made by nature from things made by man. No one would think a 2010 Chevy is made by nature. [Patent law](#) makes it clear what is natural vs manmade. By definition you only get a [patent by proving your new chemical is not of nature and that you made it](#) not nature. [Bush sells America to the Drug Companies](#) and there is a constant fight to preserve [freedom of choice](#).

The most dangerous thing you could do to a child is to get them addicted to cigarettes. This takes some 15 years away from life (Constituting Manslaughter), robs almost \$400,000 dollars out of the pocket during the child's life (Constituting Theft) amongst over damages, not to even mention deterioration of health which is the greatest suffering. And yet no one has ever been prosecuted for ['reckless endangerment' or 'willful neglect'](#) for participation in allowing a child to become addicted. And everywhere in the world on streets everywhere we see this [number one crime of reckless endangerment against children](#). Desiré has written extensively about this problem of [evil tobacco](#).

Today we face the possible extinction of the human race from global warming. The process of digging for oil generates CO2 and eats up O2 with every step. Rudolph Diesel saw the mounting problem and how so-called fossil fuels were causing financial dominance and climate destruction. So [Diesel made his diesel engine to operate on peanut or vegetable oil](#), which every farmer could grow on his farm to make fuel for his tractor and his car. This has been buried and Desire has fought to tell the story to [save the world from CO2 gases](#).

Sugar cane was first only found in Persia 4 or 5 hundred years before Christ. Its use weakened the armies of the Persians who were then easily defeated by Alexander the Great. As [sugar spreads throughout the world](#) it leaves behind [slavery, mental decay, disease, tooth decay](#), death. Today sugar is

the world's largest cash crop and exposure of [sugar disease capacities is difficult](#). Desiré exposes the risks of BIG Sugar to health and vitality. And Desiré then is a risk to Big Sugar's wealth and vitality.

There was greed and corruption in traditional medicine, and there is fraud and deception in alternative medicine. Muscle testing for remedies was [proven fraudulent](#). Several remedies and devices were proven chicanery. There needed to be some truth and exposure of the charlatans. Desiré helped a team of German Lawyers, Scientists Doctors in 2011 to found and to design [WHPRS](#) the first independent buyer advice [consumer reports agency for Alternative Medical Devices](#). Desiré has also helped a team of Balkan investigative reporters develop and maintain the [Medical Expose'](#) site to publish expose' stories.

Movie Making, Acting, Photo-Model, Singing Career:

[Desiré](#) has made over 50 full length films some are listed on her [Desiré Dubounet IMDB](#) – [Desiré](#) has worked as a [photo-model](#) and she ran a very popular night club for years in Budapest.

[Desiré Dubounet](#), the famous [TV and Movie Star of Hungary](#) has performed [all over the world with a Hungarian band](#) called the HUNZ and a movie production company.

The [Blood fever virus of Dracula](#), the [Greatest Sin Trilogy](#), Natural Medicine Trilogy([Water, Wine, Homeopathy, Sworn on the Altar, Healer](#)), the [War Crimes Trial of Harry Truman](#), [Dracu](#), [The Story of ****](#), [Naked Prey](#), [Return to the Garden](#), [Story of****](#), [Cat](#), [Equal Economic Education](#), [Illuminati](#), [Illuminati 2 Desi vs the Aliens](#), [REVELATIONS the Movie](#), [What are you Afraid of 1](#), [What are you Afraid of 2](#), [Quantum Limits](#), [Chess](#), [Lizard Movie](#), [Phoenix](#) and many other movies make Desiré' one of the most prolific controversial movie producers ever. [Desiré's Courage](#) to Think with the [Big Head](#) Not the [Little \(Dick\) Head](#) helped the world to see the dangers that face us.

There used to be [Protest Songs and Protest Movies](#), Desi still makes them to help the world

Exposure of the Ultra-Rich:

[Desiré](#) was integral in breaking up the pedophile gangs as we see in [Greatest Sin and the movies about the Ultra-Rich Pedophile gang and Marc Dutroux](#).

[Richest 1% to own](#) more than half world's wealth and perhaps a new True Democracy a [Computer Party](#) might be one way to restore balance. But education is not good and education is so unequal. [Desiré Dubounet](#) found that [Bigotry](#) can be weakened by [Equal Economic Education](#).

There is indeed a group of [Ultra-Rich who seek power](#) of the minds and finances of the world's people. Desiré has been dedicated to finding ways to deal with such threats. This movie on [WHAT TO DO](#) can sum it up.

Inventor and Scientist:

Desiré's [earliest research](#) heralded her scientific prowess. Desiré has several copyrights, [patents](#) and trademarks and has written law books on the subject of [intellectual property](#).

When in 1982 [Quantum Scientist Desiré](#) published the [PROMORPHEOUS](#) -- ([a treatise on Quantum Biology used in this medical university course](#)) she became one of the [quantum pioneers](#) in [Quantum](#)

[Healing](#). Her work and dedication to seek [validation and verification has](#) made enemies of the natural medicine charlatans falsely touting quantum education. Desiré was University trained in mathematics, [quantum biology](#) and statistics. This helped her develop the original [Quantum Computers the first Quantum software computer-- the QXCI](#)

Desiré scientifically developed the science of [VARHOPE](#), [TVEP](#), [GSRtDCs](#) and others innovations to make the [EPFX](#), [QXCI](#), [SCIO](#), and now the [Eductor](#). Here are the history of the peer reviewed medical supervised validated research [medical claims registered and validated](#) by the regulators in our [clinical evaluation](#). [Validation and Verification](#) needs to be taught in medical schools.

Desiré developed the [QQC voltammetric 'Electronic Tongue'](#) as described here in [Medication Testing, Fraud vs Success of Electroceuticals](#) by Brad Vee Johnson. [Voltammetry](#) allows a true vision of interacting with the [body electro-sense](#).

Desiré developed the Virtual Reality Interaction in 1995 and it developed into the [CyberMagnetic™ Chair](#). This device allows a magnetic treatment cybernetic loop to stimulate music healing as we see in '[Making Music into Every Cell of the Body](#)'.

Desiré pioneered an electro-charging system of performance enhancement system as introduced here in [Charging the Body Electric](#). Clinical research has shown the [GSRtDCs](#) system to be able to enhance [sport, school, memory, sport injury recovery, Alzheimer's](#), and a host of other performance factors.

And Desiré shocked and challenged the world of science with an [idea based on the mind of a child](#). She propositioned that there might be no limits and have a universe that is [Infinity to the Power of Infinity](#).

Humor, Sugar Coated and Karma Doctor

Desiré Dubounet has trademarked the phrase [Sugar Coated Message™](#) for the World. And on the [SugarCoated website](#) she offers the world a comic yet harsh advice. She also trademarked the word [Humoropathy™ Doctor](#) - Professor [Desiré Dubounet](#) tries to [help doctor](#)s find that sometimes [laughter is very good medicine](#).

There is too much greed in the world and there is an overvalue of money as the only god. Prof Desiré Dubounet has developed a new currency, the [Karma Pay Plan](#) to help Revolutionize the World and free us from the hold of greed.

As a [Spiritual leader Desiré](#) has written extensively on [comparative religio](#)n trying to find the common denominators of belief and ways of being, Rather than senseless bickering on [the trivia](#).

Name and Gender Rating Change:

Desiré born both sexes, legally changed her name and gender rating from William Nelson to Desiré Dubounet, female first in [2002 in England](#). Then she changed her name in America with her [American federal voter's registration](#), her [Ohio medical records](#) and her [Mexican travel Visa](#). The list of her name change validation is vast, but the [American Embassy does not honor the changes](#) as they are legally required to do so. A possible conspiracy to deprive Desi of her rights might be in the wind. There are small minds everywhere judging people, fighting against change, hurting people for greed and exercising bigotry.

Author and Editor:

[Prof of Medicine Desiré](#) Dubounet is the most [Published Naturopath in History](#). Desiré has authored or edited over 100 medical journals, over 1000 medical articles, hundreds of other misc topic articles, and over 400 books and textbooks. Her writing skills are indeed extraordinary.

Desiré [Author Editor of Vast Natural Medicine Library](#) with non-drug treatments for most all diseases. People who do not want to be forced to take SINthetic drugs or other SINthetic patented chemicals need to be able to see an evidenced based natural medicine. The field of energetic medicine needed a research based library to validate and verify the art. Desire helped to form the [International Journal of the Medical Science of Homeopathy, Naturopathy and Energetic Medicine \(IJMSHNEM\)](#). The IJMSHNEM was founded over 20 years ago as a peer reviewed medical journal. It has been legitimately registered, medical doctor recognized, internationally accredited, [American Accredited](#), officially recorded with International Library ISSN numbers [ISSN 1417-0876](#), + 2041-4293, and unchallenged for over 20 years. Over 110 journals have been published by 2016 to show the evidence and validation of Homeopathy, Naturopathy and Energetic Medicine.

The [IMUNE Library has hundreds of books](#) validating, verifying and discussing the topic of natural medicine. Desiré has also helped a team of Balkan investigative reporters develop and maintain the [Medical Expose'](#) site as a contributing editor. Desiré has also developed a [system of apps](#) for medical problems.

Professor of Medicine:

Desiré is an International [Licensed Medical](#) Doctor and was a licensed health care practitioner in America as a [LPCC Licensed Clinical Counselor](#) in the state of Ohio equal to a Psychologist.

Now Desiré is a professor of medicine teaching for the recognized [IMUNE](#). Carl Jung made several Swiss Charters for International Teaching and Research Institutions. Desiré bought one of these charters from Carl Jung's daughter Gret in 1995. So here we can see the [History of IMUNE](#). Desiré Dubounet [helps to make IMUNE](#) in 1996. IMUNE is [legitimately registered](#), medical doctor recognized, [internationally accredited](#), and [American Accredited](#). IMUNE is recognized as a [prestigious Medical University by the Romanian Ministry of Medicine](#).

Desiré wants to develop [IMUNE](#) to be the best medical university in the world. The quality and quantity of medical info and training is the best. Here is a [list of the courses from IMUNE](#).

Persecution, Rumors and Lies about Desiré:

When [Desiré](#) offered a proof that [SINthetics are in Insult to the Body](#), she became unfavorable to the [Ultra-Rich Chemical Cartel](#). When she proved there was fraud in Alternative Medicine and that [Muscle Testing for Remedies was fraud](#), she became quite unpopular with the [Alternative Medical Community](#).

Rumors, innuendos and outright lies were made to distract attention from her work. This results in small minded [malicious attacks and misunderstandings](#). CBS forgets fact checking and prints 4 major [CBS lies](#). CBC makes bad journalism and does not print the whole story, and you should watch the [CDC retort](#) to understand both sides. [Quackwatch has a negative reputation](#) of attacking any natural medicine as they get funding from the FDA and protect the SINthetic chemical companies. And if anyone is still reading Quackwatch they should [read the other side or the responses](#) before passing judgements.

There is [Proof the media lies to you](#) and we can see how the [United States Violates Human Rights of Transgender Scientist](#). Threats of [wrongful detention and unfair prosecution](#) need to be resolved.

[Desiré Dubounet](#) has had a profound effect on the world and she continues to fight for freedom. [Desiré Dubounet](#) has been wrongfully and maliciously attacked and slandered, perhaps her struggle will be successful someday. The fight [against greed and secret societies](#) has a Champion in [Desiré Dubounet](#).
