

Welcome to **IMUNE**,

## **The International Medical University for Natural Education**

We are dedicated to helping people, patients, therapists, doctors, our society and the planet, through education in Natural Medicine and expansive quantum bio-science. [Why is Quantum Biofeedback much more](#)

We need to teach all of our therapists to do more than just click buttons but to learn also how to:

1. Find evidence (use the **IMUNE** Library) and get answers to questions
2. Evaluate claims (use [WHPRS](#)),
3. Do a lifestyle inventory (SOC index) and Reduce theSuppressions and Obstructions to the Natural Curative process of the body,
4. Teach patients to Relax, reduce stress, adjust posture, exercise, do yoga, meditate, increase intelligence and use our Wellness Apps
5. Use [GSRtDCs](#) to increase sport and school performance and
6. How to write a report, debrief, bill 3<sup>rd</sup> party and recommend lifestyle changes with Natural Remedies and Electro-Ceuticals.

Europe has specified that anyone in health care profession needs at least 750 hr of specialty training. The State of New York has said that if you have a Masters Equivalency from experience, 100 hours are needed as a minimum to do biofeedback. Just taking the tests is not enough you need to validate 100 hr of study, practicum, curriculum, library research access and thesis. Validate all of this to a licensed IMUNE Mentor. IMUNE's course offer a standardized learning experience with accepted Medical University evidence based scientific textbooks.

Biofeedback was the craze in the 60s and 70s, filled with promise, but fell out of favour for not really helping people to its potential. Now it is coming back stronger than ever with the addition of lifestyle inventory. All biofeedback technicians must learn about basic behavioural medicine and healthy lifestyle.

The key to biofeedback is Personal Responsibility. Helping people without **SIN**thetic drugs. People can learn to change their blood pressure, blood sugar, pain threshold, and much more with their minds and awareness. But when they become aware of their bad behaviours that cause disease, they can

become more responsible and dramatically healthier. Lifestyle inventory (What we call the SOC Index) is today an essential part of biofeedback.

We teach the incredible complexity of energy patterns that make up the human body and the incredible diversity there truly is. Such diversity demands appreciation for the differences in people and the ludicrous nature of prejudice.

Beware of Paper mills selling degrees with little real education. If you are called upon to show your textbooks, tests and curriculum make sure it is a good one.

Any who do not want to ask about bad behaviours or if you do not want to encourage people to reduce them, then please do not become a biofeedback therapist. If you cannot give up bigotry, then; there are many job opportunities in the fast food and house cleaning industry.

There are several industries that make a living *Killing* people and or *Making Disease*. **Big** Tobacco, **Big** Sugar, **Big** Oil, and yes even **Big** Pharma are the primary examples. They put profit over people. They are the enemy of health care. Any therapist who wants to ignore their destructive abilities to your patients, society and the environment should also seek employment elsewhere.

To get a patent you must prove that your substance is NOT of Nature. The social experiment of whether SINthetic patents work is over. The conclusion is that internal SINthetics are not really compatible with the body and they create side effects, dependencies, toxicities and disruption of health. People have the right to choose natural medications and only **IMUNE** is teaching evidence based energetic ways to do this.

An **IMUNE** therapist does not have to carry a crusade or threaten these **BIG** Profit industries. But a therapist should **not** be **IGNORE-ANT** and **IGNORE** them. Our Education must include an awareness of their disease causing actions.

It is completely legal to use the **IMUNE** International License in a state where biofeedback is unregulated. If the state later regulates biofeedback, your **IMUNE** license and experience will guarantee an opportunity to be grandfathered in with a state license. A certification is not a guarantee.

So **IMUNE** is seeking to make **SUPER** therapists and doctors to help all of the afflictions of humanity. It takes courage and dedication to become an **IMUNE** therapist. So dare to care and share software so we can increase wealth and health. Find the time and dedication to watch the videos and read the books.

All of the IMUNE medical, biofeedback, law, business and the curses are available thru the Intellectual **Angel Movies** known as [IAMFLICKS](http://i-am-flicks.com). Go to <http://i-am-flicks.com>. I Think, Therefore I AM. I Think, Therefore IAMFLICKS.
