FACTS ON TRUMP’S FIRST MONTH IN OFFICE

1. Trump purposely lied and wrongfully called Hillary Clinton a crook.

Then he paid $25 million to settle a fraud lawsuit and keep it from going criminal. Trump has paid off so many ex-wives, bankruptcy debts and criminal charge witnesses it is appalling.

And then Trump recanted and said that Hillary did no crime and that was just a political ruse to sway the public.

2. Trump said there was no Russian connection or bias in the election

The list of Russian connections has grown so vast (numbering in the hundreds). Over 17 official intelligence agencies have confirmed beyond doubt that Russia hackers, Julian Assange,
Comey and others lied about and slandered Hillary to bias the people towards Trump.

3. Trump said there was no Russian business before the election

Before the election Tillerson (Exxon) got a trillion dollar Oil Deal with Russia, Trump Picks Tillerson to be Secretary of State, Exxon give Tillerson 200 million dollar bonus, Trump’s first action as President is to visit the Russian officials, and Trump’s first action as president is to sign a repeal of the transparency law that used to require Oil Companies report off-shore (Especially Russian) profits. Now after Trump’s first Official Action in Office, Trump, Tillerson, Exxon, BP etc are NOT required to report any Russian profits.

4. Trump said he’d release his tax returns, eventually.

BOUGHT TRUMP’S CRAP
He hasn’t, and says he never will. His taxes would most likely show his Russian Connection

5. Trump said he’d divest himself from his financial empire, to avoid any conflicts of interest.

BOUGHT TRUMP’S CRAP
He is still heavily involved in his businesses, manipulates the stock market on a daily basis, and has more conflicts of interest than
can even be counted. His first official dinner outside of the White House was at his own restaurant.

6. Trump said Clinton was in the pockets of Goldman Sachs, + would do whatever they said.

YOU WITLESS EASILY LEAD SHEEP, BOUGHT TRUMP’S CRAP
He then proceeded to put half a dozen Goldman Sachs executives in positions of power in his administration, most hypocritical was the secretary of the Treasury.

7. Trump said he’d surround himself with all the best and smartest people.

YOU WITLESS EASILY LEAD SHEEP, BOUGHT TRUMP’S CRAP
He nominated theocratic loon Mike Pence for Vice President. A white supremacist named Steve Bannon is his most trusted confidant. Dr. Ben Carson, the world’s greatest idiot savant brain surgeon, is in charge of HUD. Russian quisling Rex Tillerson is Secretary of State. Several of his cabinet are already gone in record time. And the rest are ALL very inappropriate choices and are a SERIOUS THREAT TO THE ENVIRONMENT AND THE AMERICAN WAY.

8. Trump said he’d be his own man, beholden to no one.

Trump’s blind support for Big Oil and Fossil Fuel is a major
payback for their donor support. He then appointed Betsy DeVos as Secretary of Education, whose only “qualifications” were the massive amounts of cash she donated to his campaign. His biggest campaign donor Linda McMahon from the World Wrestling Empire is picked to run the Small Business Administration. She has no idea what small business is. Trump thinks wrestling is real.

9. Trump said he would “drain the swamp” of Washington insiders.

He then admitted that was just a corny slogan he said to fire up the rubes during the rallies, and that he didn’t mean it. He has permitted laws to further allow the senators and representatives to hide more money and lobbyist pressure.

10. Trump said he knew more about strategy and terrorism than the Generals did.

He promptly gave the green light to a disastrous raid in Yemen— even though all his Generals said it would be a terrible idea. This raid resulted in the deaths of a Navy SEAL, an 8-year old American girl, and numerous civilians. The actual target of the raid escaped, and no useful intel was gained. COMPLETE FAILURE

11. Trump said Hillary Clinton couldn’t be counted on in times of crisis.

He didn’t even bother overseeing that raid in Yemen; and instead spent the time hate-tweeting the New York Times, and sleeping. A Young American girl and a Navy Seal died needlessly on his first action he sloughed off.

12. Trump called CNN, the Washington Post and the New York Times “fake news” and said they were his enemy.

He now gets all his information from the biased Breitbart, Gateway Pundit, and InfoWars.

13. Trump called Barack Obama “the vacationer-in-Chief” and accused him of playing more rounds of golf than Tiger Woods. He promised to never be the kind of president who took cushy vacations on the taxpayer’s dime, not when there was so much important work to be done.

YOU WITNESS EASILY LEAD SHEEP, BOUGHT TRUMP’S CRAP
He took his first vacation after 11 days in office.
On the taxpayer’s dime.
And went golfing.

And that’s just the first month for Trump.
