The Hermetic Emerald Tablet of Desiré

Desiré is the creator, developer and the leading pioneer in the medical art of Quantum Electro Dynamic Biofeedback. By first developing the Quantum Quality Control system of homeopathic electrical signature analysis, then developing the EPPX and the SCIO system of measuring the human Electro-Physiological Reactivity of a patient to the QQC signals, a new medicine of electrical energetic medicine was created. After twenty years of clinical scientific research and millions of safe and effective patient visits the art is firmly established in medicine.

There is no such thing as noise. Noise is only information we do not understand.

Desiré Dubonet

Desiré has been nominated for the Nobel Prize in Medicine for over two decades. Her advances and patents in VoltAmmetry, Electro-Physiological Reactivity, TVEP, and Homeopathy are Legendary and World Renown.

Battle of the Milennia: David Desi vs. Goliaths
by Heather Swanson

There's a battle outside your door shaking your house. The battle cry has reached your ears. Is it raging in them. Only this is between the big guy and the little guy, and you don't think he has a chance. Or are you already getting prepared to live under the big guy for the rest of your life?

We all remember the story of David and Goliath. Well, today it is not just one Goliath, it’s a host of THE GOLIATHS that are daily massaging the marketplace with all in the name of greed and money.

So, about now, you're thinking this is a big fairy tale right? Let's meet our modern-day corporate Goliaths:

1) **Big Sugar.** Don’t tell me you don’t eat it. Dig your teeth into this white, white, terrible sugar. It stains your teeth and causes cavities. Overconsumption of sugar is linked to dental health problems and terminal illnesses such as diabetes and heart disease and it happens to be one of America’s top money makers.

2) **Big Tobacco.** One in every five deaths in the United States is smoking-related. Need we say more? It's legal, socially acceptable, and though a consumable drug, the FDA happens not to be responsible for it.

3) **The FDA.** A kind of Frankenstein’s assistant for these Goliaths. A parasitic agency which has risen to its Goliath stature by consuming billions of dollars, fed by big pharmaceutics, big sugar, and other behemoths. The FDA protects Big Sugar, big pharmaceutics, and Big Tobacco more than it protects the American people.

4) **The Music Industry.** This is the death of bloodbath and the birth of RTTY. Opposing independent lives, free creativity, and the freedom of expression, music has become a multi-billion dollar industry where the role of mega-hitters is all about hope and nothing about talent.

5) **The Pharmaceutical Industry.** A multi-billion dollar industry, the backbone of corporate medicine, and a leading cause of death in the U.S. and a killer of over one million Americans yearly.

6) **Hollywood.** One consumer that needs no introduction. In America, 99% of homes have at least one television set. In 2004, studios reported revenues of $345 billion from world box office sales.
