Richest 1% to own more than half world's wealth by 2016 - Oxfam

As global movers and shakers head to the World Economic Forum in Davos, Switzerland, Oxfam is warning that an increasing wealth disparity is “leaving ordinary people voiceless and their interests uncared for.”

The collective wealth of the world’s richest 1 percent will exceed that of the other 99 percent of the global population next year, unless steps are taken to address the inequality, Oxfam warned ahead of the annual Davos meeting.

Oxfam, an anti-poverty charity, released a report titled, “Wealth: Having It All and
Wanting More, “which reveals that the richest 1 percent, who had an average wealth of $2.7 million per adult in 2014, have seen their share of global wealth soar yet further, increasing from 44 percent in 2009 to 48 percent in 2014.

At this rate, the richest 1 percent, who became the focal point of public outrage during the 2011 Occupy Wall Street protests, will own more than 50 percent of the world’s wealth by 2016.

Oxfam executive director Winnie Byanyima, who will co-chair the Davos symposium, said she will draw attention to the grim fact that “one in nine people do not have enough to eat and more than a billion people still live on less than $1.25 a day,” she told The Guardian.

“Do we really want to live in a world where the 1 percent own more than the rest of us combined? The scale of global inequality is quite simply staggering and despite the issues shooting up the global agenda, the gap between the richest and the rest is widening fast.”

However, despite constant warnings that the upward curve in wealth concentration will only lead to disaster, the rich continue to gobble up a bigger and bigger share of the global wealth pie. Last year, Oxfam reported that the world’s 85 richest people have the same wealth as the poorest 50 percent (3.5 billion people). This year, Oxfam said the reality has become even more worrisome, with just 80 people owning the same amount of wealth as more than 3.5 billion people.

In 2010, the number of individuals owning the same amount of wealth as the poorest half of the world’s population was 388.

According to Byanyima, one way of addressing the “rising tide of inequality” is to
crackdown on tax-dodging by corporations, and to push for progress towards a global deal on climate change.

The statistics provided by Oxfam paint a dark portrait of the challenges facing the planet in the face of severe wealth concentration.

“Twenty percent of billionaires have interests in the financial and insurance sectors, a group which saw their cash wealth increase by 11 percent in the 12 months to March 2014,” according to the group.

These corporate sectors spent $550 million “lobbying policy makers in Washington and Brussels during 2013,” severely altering the scope of government representation originally designed for the electorate.

Meanwhile, during the 2012 US election campaign, the financial sector provided $571 million in campaign contributions, Oxfam said.

The charity said the wealth of the super-richest 80 people doubled between 2009 and 2014, and that increasingly the wealth was being used by the rich to further their own interests, usually by lobbying efforts in government.

More than one-third of the 1,645 billionaires listed by Forbes magazine inherited some or all of their riches.

Oxfam said it was calling on governments to adopt a seven-point plan to alleviate global inequality:

• Clamp down on tax dodging by corporations and rich individuals.
• Invest in universal, free public services such as health and education.

• Share the tax burden fairly, shifting taxation from labour and consumption towards capital and wealth.

• Introduce minimum wages and move toward a living wage for all workers.

• Introduce equal pay legislation and promote economic policies to give women a fair deal.

• Ensure adequate safety nets for the poorest, including a minimum income guarantee.

• Agree a global goal to tackle inequality.

PROOF of the ULTRA RICH CONTROL & mind domination

1. Dec 23, 1913. The United States Congress is duped by bankers and tricked by the Ultra Rich into making a pseudo governmental but actually privately owned corporation, the Federal Reserve. The Federal Reserve is no more federal than Federal Express. It’s owners are secret, it is never audited, reports to no one, and covertly and firmly control the American government completely.

The Ultra Rich from time to time will engineer and create a financial crisis by simply withholding their wealth from circulation. They scream at the paper losses they falsely incur. The middle classes, in a panic sell their stock, make a run on the banks, lose their jobs and watch their properties devalue. The Ultra Rich then bring their money back into circulation and buy the stock and property for pennies on the dollar. The middle classes are then fooled into reinvesting, refinancing, and re-believing the chicanery.

2. The Ultra Rich control all. They put profits above people and prohibit the FDA from stopping the sale of cigarettes. The Ultra Rich push quick fat making white dextrose sugar over more healthy levulose fruit sugar, they push meat over vegetables, and a disease care system over a health or wellness care. Disease care is a major source of profit. They stop the electric car, push SYNthetic patent drugs, limit malpractice suits, prosecute dissenters, pollute the waters, destroy the trees, promote stupidity, push a drug culture and slowly stop protesters and squish free speech. They push addiction to tobacco, sugar and drugs and take away dignity.

3. 1999 - The World Trade Towers fall a fire safety inspection sometime before 9-11. The Ultra Rich owners of the towers are told that the towers will be condemned sometime in the next ten years. A master plan is designed to use xenophobia and fear to give more control.

4. 2000- The Ultra Rich owners get a 3.5 billion dollar insurance policy. The Ultra Rich request a double indemnity 7 billion dollar clause if both towers fall in the same day from public transport. This clause is granted because how improbable would it be.

5. Sept 11, 2001. The towers fall under suspicious circumstances. The ULTIMATE PROOF is that the worst crime in history, 9/11 is totally ruled out from investigation. George Bush orders that there CAN BE NO investigation of the most outrageous crime of all time.

6. Aug 8, 2007. Five major corporations headed by Rupert Murdoch control all of the media, the newspapers, the Wall street journal, the TV, radio, and movies. Protest movies and new thinkers are weeded out and refused opportunities. The world slips to the stupid side. The Ultra Rich control, twist, dictate, and deform what we hear and read about the world. The truth is hidden and the Ultra Rich are never to blame. 8-8-8 is the anniversary of Hiroshima, a date of infamy for many reasons.

7. Aug 8, 2007. The USA grants itself the power to listen to all conversations world wide, all bank transactions, and all electronic communications. The world blindly offers no resistance, the Ultra Rich control this power. The media is worshiped.

8. 2000- till now Small petty anal retentive geek minds are employed as paper pushers to control any attempts to challenge the Ultra Rich.

9. 2009- The planners of the crime remain un-caught and un-investigated for almost a decade, wars are made on lies, billions live in fear, millions die. Fear, anger, greed, hate accelerate. Weapon sales soar, oil prices soar, oil profits soar beyond comprehension. The financial power drifts from the USA to the Middle East. The US government spends a trillion dollars of taxpayer monies to bail out the Ultra Rich who have mismanaged credit. The Ultra Rich make mistakes and the middle class lose their property and sell it for pennies on the dollar to the Ultra Rich. The Ultra Rich owned Federal Reserve is assuming control of the land and the money while America is being un-private and shifting from a land of freeholders to a country of indentured servants. The world watches hopelessly powerless to stop, as the Ultra Rich Federal reserve print more money (from Thin Air) for the Ultra Rich to lend America with interest.

10. 2008-2009 The US government spends a trillion dollars of taxpayer monies to bail out the Ultra Rich who have mismanaged credit. The Ultra Rich make mistakes and the middle class lose their property and sell it for pennies on the dollar to the Ultra Rich. The Ultra Rich owned Federal Reserve is assuming control of the land and the money while America is being un-private and shifting from a land of freeholders to a country of indentured servants. The world watches hopelessly powerless to stop, as the Ultra Rich Federal reserve print more money (from Thin Air) for the Ultra Rich to lend America with interest.

11. There is no proof that there is no lizard alien culture behind this. There is definitely a selfish cruel belligerant lizard brain in all of us. So there is a lizard brain behind this conspiracy, and until we have proof that there is no covert alien presence we should pretend that the gun is loaded. We need more information to the people.

12. Today and until we do something to end it---The rich get vastly richer, the poor get poorer. The Ultra Rich control what we see, they control how we think, they listen to every action, they use petty minds to twist and work against any who oppose them. They steal wisdome money when they can and print money at a whim.

WAKE UP

There is one thing more powerful than all the Armies of the World, and that is an idea
whose time has come.

The Messages of the Angel.
COST of Health Care

America is not the leader in health care, but for only one criteria. America is not the leader in fact. America is way behind in all criteria of health, longevity, child survival, morbidity, disease susceptibility, and all except on criteria. That criteria is COST. Americans pay threw the proverbial nose for health care. In fact the regulatory agencies FDA are not concerned with disease causing industries like Big Tobacco, Big Sugar, Big Fast Foods or Big Pharma. The FDA is concerned with drugless therapies such as natural or energetic medicine, proved safe and effective. The hypocrisy is momental and financially burdensome for the American people. In fact there is profit in promoting disease for a disease care system.

When corporations run the Health Care System, profit for the stockholders is paramount. Thus the more disease there is the more profit there is. By definition corporations are psychopathic as they care about profit over people. So there is no interest whatsoever in making people healthy, symptom control by prolonged medications is better.

A true Health Care System of healthy lifestyle education, early prevention of disease, and safe and natural methods of disease prevention and early treatment would not only make people healthier but would dramatically reduce cost. If people were taught the dangers of high glynetic dextrose foods, if these foods were better controlled, if the dangers of bad fatty acids and trans fatty acids were controlled, if Tobacco was removed from sale. The cost of health care would dramatically improve. The angel has designed a new type of medicine after the work of Dr. Hans Selye to help people not to develop disease, and to dramatically reduce disease. But the Angel's efforts are a thorn to the SINthetic chemical companies and the Disease Care System in America.

When profit is removed form the medicine, then we can go from a profit based disease care system to an improved Health Care System. And the savings of money and lives will be fantastic.
The War Machine has destroyed lives and property of millions. The War Machine feeds Fear, Hate, Homophobia, and Xenophobia to excite young men to fight and die all in the name of someone else’s greed.

The ideal of right livelihood, where none should be selling drugs, weapons, or humans have been discarded for greed. For the human race to progress we must follow the lead of the Angel and return to the form of Right Livelihood.

The false belief that we need the petroleum from deep in the ground needs to be released. We can get all of our energy needs from plants, save the planet by reducing Carbon while generating Oxygen, and return to a green farming economy. But the oil companies will have to give up their greed.

The profits made by the Oil and Weapon Machine is monstrous, the greed gargantuan.

The Angel must find a way to defeat this Greed.

The Future of the Planet depends on the Release of the GREED, ANGER, HATRED, FEAR and the DELUSIONS OF FALSE BELIEFS...
The Angel must defeat the SMALL MINDS at every turn...

Now that you have read this book and seen the forty movies, eighty books, hundreds of medical articles, diplomas and certificates of the Angel.
You can see why the Jealous small petty minds hate her so...
Why they fear her clarity of mind...
& ability to change...

The Small minded Bureaucrats and media pretend to serve the people...
...but they serve the Ultra Rich!

But as powerful and strong the Lizard brain is, the powers of their faceless pea brained minions are greater. Their slaves are the small petty minded bureaucrats. These are the picayune over judgemental protective guards that attack any great spirit. For as Einstein said “Great Spirits get Incredible resistance from mediocre minds”.
The Angel must fight this resistance. The Angel must restore the balance of Human Brain. The Angel must moderate the negative emotions to bring them to emphasizing Education, Growth, Cooperation, Understanding, Sharing, Laughter, Reverence, and Humility. The Angel must lead Humanity to a new world of positive mind, a thousand years of peace. With little degenerative disease, little discrimination, less greed, less fear, less hatred. With more Equality, more Education, more Equanimity, more Laughter, Enthusiasm, Awareness.

The Angel must defeat the Small Minds at every turn...
ReBoot

It is Time to ReBoot the System, It is Time for a Change, It is Time to ReExamine everything ReExamine all of our Beliefs, Ideas, Values.

This must be done very carefully to preserve our Culture and prompt our Society.

2012 is coming, and we must learn to first accept the powers of the mind and then master them to prevent the catastrophe, To get to a thousand Years of peace and harmony, we will all need to grow beyond the evils of our society (Greed, Anger, Hate, Avarice, Xenophobia, Delusion of False Beliefs, Arrogance, Selfish Conceit, and Hypocrisy) The Angel has shown us the way, created a new path to follow, and designed a way to get to the Prophesied Millennium.
PERSECUTION

As prophesied the Angel will be aggrieved and persecuted before reaching the people. The Seattle Times, CBS, NBC and many others attacked the angel with lies, rumors innuendos, and just poor journalism. The article goes on to say that my high heels are too high. And some of the mindless public believe anything. Two people with advanced cancer bought the device to help cure them. They did not have the device long enough to counter the effects of their chemo- and radio therapy. The media twisted these two cases. All attempts to offer an honest retort were not allowed. Any kind of truth is prohibited by today’s media.

After twenty years of selling over 27,000 medical devices, legally registered in over 13 countries, over two hundred published peer reviewed medical double blind studies, over 60 books, 50 movies, there is not one recorded case of anyone being significantly hurt. And yet FDA protected SINthetic drugs are killing millions every year, FDA protected cigarettes are killing multi-millions, and FDA encouraged Big Sugar is killing maybe more. There are now over 500 articles of the failure of the FDA on the internet and around the world today. Why? They protect Big Money in America, Not people.

A legal, safe, effective non-drug therapy of a modern concept of science and medicine the body electric might interfere with drug companies’ profits. The muck raking media and the drug companies brought in their junk yard dog, the FDA. My American passport has been revoked. The powers of Big money have pressured everyone they can to attack me. But my legal rights to a hearing might save the planet. This book might wake you the reader up to read the retorts, look at the truth, and judge for yourself. Angel or Devil?? You can only decide by hearing the message.
When I was able to prove that synthetic drugs are incompatible with the body using QED, I became very very unpopular with the chemical company cartel (Big Pharma). I am recognized as one of the leading Bio-Electronic engineers alive today. My books, patents and articles on energetic medicine have prompted me to be nominated for the Nobel Prize in Medicine for decades. I was able to use QED as a basis for medicine to assay and treat the body. This incredible technological advancement of measuring and correcting the body electric in a cybernetic loop is one of the greatest achievements of mankind. But this is a drugless therapy. And the drug companies do not want to take a back seat in medicine. So they got their small petty minds to start a slur campaign against me. The writers used such bad journalism and gave no chance for a retort. Quack Watch does not believe in using nutrition or natural medicine. One of the FDA officials said “Everyone in the world realizes that stress reduction helps disease, but You will have a hard time convincing the FDA of that” one of the House of Representatives of the USA said that there is no such thing as energy in the body.

Intelligent people have seen through the slur. Intelligent people have called and asked for answers to questions. Intelligent people will see that any article written from spite and not truth is just an attempt to slur and twist the truth to protect the Drug company profits. Intelligent people will think and listen to both sides. IMUNE web site has the research, the articles, the books, and the incredible expansive, well researched, verified truth of energetic medicine. The drug companies are afraid of this Angel. Scientists fear losing their careers and they fear Big Money. Medical Doctors are afraid to take a stand against Big Money. Everyone has Cartel phobia. But the Angel must fight this and find a way to defeat Avarice. The Angel must defeat the small petty minds of the Big Money slavers. The angel must end degenerative disease, the Angel must make the scientists see the powers of the mind through QED, the Angel must defeat the greedy selfish powers of Big Money, or all is lost.

When the Media is one sided and controlled by the rich, is it not time to build a new media?
In the past there were lawyers who championed freedom and fought for truth and the defense of the little guy. Today all, and I mean all, of the lawyers in America have been reduced and diminished by the Ultra Rich and their small minded army of petty bureaucrats. The lawyers now live in fear and consternation, afraid to tackle the Ultra Rich small petty minded army of picayune twisted malignant prejudicial arrogant officials. The Ultra Rich grooms and cultivates the picayune, biased, self righteous, overbearing officials. These officials can wear down any defense and out twist any idea, to defend the profit policies of the Ultra Rich. The Ultra Rich laugh at justice, law, and honor. They feel they are above the Law, above Rules, above paying taxes, above the order of humanity, above the society, above simple justice. They are in control, the lawyers are taught this and they live and tremble in fear of the Ultra Rich control.

Watch the movie the INSIDER. You can see the powers of the Ultra Rich to induce fear and take control. Even after all of the battle against tobacco, the Ultra Rich army succeeds; the product is selling more than ever. This open blatant hypocrisy is just one example of the Ultra Rich power over the little lawyer.

Lawyers are taught in law school now that justice has little to do with law. Money and power control law to a much greater degree. Lawyers are afraid to go against the Ultra Rich army. And worse yet the lawyers have moved to selfish profit motivation as well. The collection of fees is the primary motive. Doing something is most often a vague promise, but first pay the fee, then be prepared for lots of phone conversation. But do something. Yeah.

Someone must fight against the Ultra Rich small minded Army.

Law, justice, principles, integrity, character, and even honor have been carefully removed from the legal system of America. Lawyers have lost the battle to the Ultra Rich small minded army. The Federal Reserve is a privately owned bank; the FDA looks the other way at the deaths of tobacco, sugar, and pharmaceuticals, and focuses on attacking safe and effective drugless therapies. Class action law suits are now severely restricted. Lawyers are so self motivated and self obsessed as to be totally ineffective to make a change. The law is twisted and distorted beyond belief and perhaps beyond repair. The future of America depends on the return of Law, justice, principles, integrity, character, and above all honor. Someone must defeat the small petty army of the Ultra Rich. The Angel has been thrust into the fray. The Ultra Rich are mounting a massive attack on the Angel to stop her message. You might be able to help turn the tide and make a change. Do not let the system deny the rights of the Angel. Do not let them put the Angel away without due justice, without a trial by jury, without the order of Law. Use your voice, be heard.

The Goliaths

There is a battle being waged today, shaping our future. The battle is not for land or wealth, but for the very freedom we cherish. The Goliaths, these behemoths of industry and corporate might, are not content with their power. They seek to erode the very foundations of our democracy, with a single stroke of their pen, to control our lives for a lifetime.

1. The Tobacco Industry: Big Tobacco is a juggernaut in the world of cigarettes. It is a behemoth that makes billions, and it is right on the brink of something massive. The FTC is the only thing standing in its way. It is like a giant, looming over the world, and it is a giant that we cannot afford to ignore.

2. The Food Industry: The Food Industry is a behemoth that makes billions. It is a giant that makes billions, and it is right on the brink of something massive. The FTC is the only thing standing in its way. It is like a giant, looming over the world, and it is a giant that we cannot afford to ignore.

3. The Pharmaceutical Industry: The Pharmaceutical Industry is a behemoth that makes billions. It is a giant that makes billions, and it is right on the brink of something massive.
